Ref. No: B-326/UKP-PPP05/2013

Jakarta, 23 Mei 2013

To: Mr. Mario Boccucci, Head of the UN-REDD Secretariat

Letter of endorsement

As you may already know, the Indonesia's PGA Report was successfully launched on 6 May 2013 in Jakarta. As an institution who took part in this initiative, we are very happy to see that the work to measure state of forest and REDD+ governance in Indonesia has been materialized with the support both technically and financially from the UN-REDD Programme.

Following the completion of this report, the PGA work will expectedly be continued for: (a) the dissemination of the PGA results to sub-national stakeholders, (b) the assessment of the need for capacity and the provision of relevant training on how to use and follow up on the results and recommendations, and (c) the exploration of possibilities for an Indonesian agency or entity to provide regular updates of the PGA data to track progress and/ or regression in given areas.

The Government of Indonesia hereby would like to endorse further UN-REDD Assistance to UNDP to ensure the continuation of this important work.

Sincerely yours,

Dr. Kuntoro Mankusubroto
Head of Indonesia's REDD+ Preparedness Task Force/
Presidential Working Unit of Supervision and Management of Development (UKP4)
